

# Corporate Membership Opportunities

## FASNY Corporate Membership Opportunities

We invite you to become a Corporate Member of the Firemen's Association of the State of New York (FASNY) and take advantage of the benefits Corporate Membership offers.

FASNY is a nonprofit 501(c)(3) membership association representing the interests of over 40,000 volunteer firefighters and EMS providers across New York State. Corporate contributions are critical to FASNY's ability to provide a voice for fire and EMS volunteers in Albany, keep our members updated on legislation and provide training, education and community support. FASNY is proud to be a resource for the volunteer fire service in the State of New York.

In return, FASNY's corporate membership program offers your company exclusive benefits including advertising discounts, public relations and networking opportunities, as well as the right to promote your membership within FASNY.
